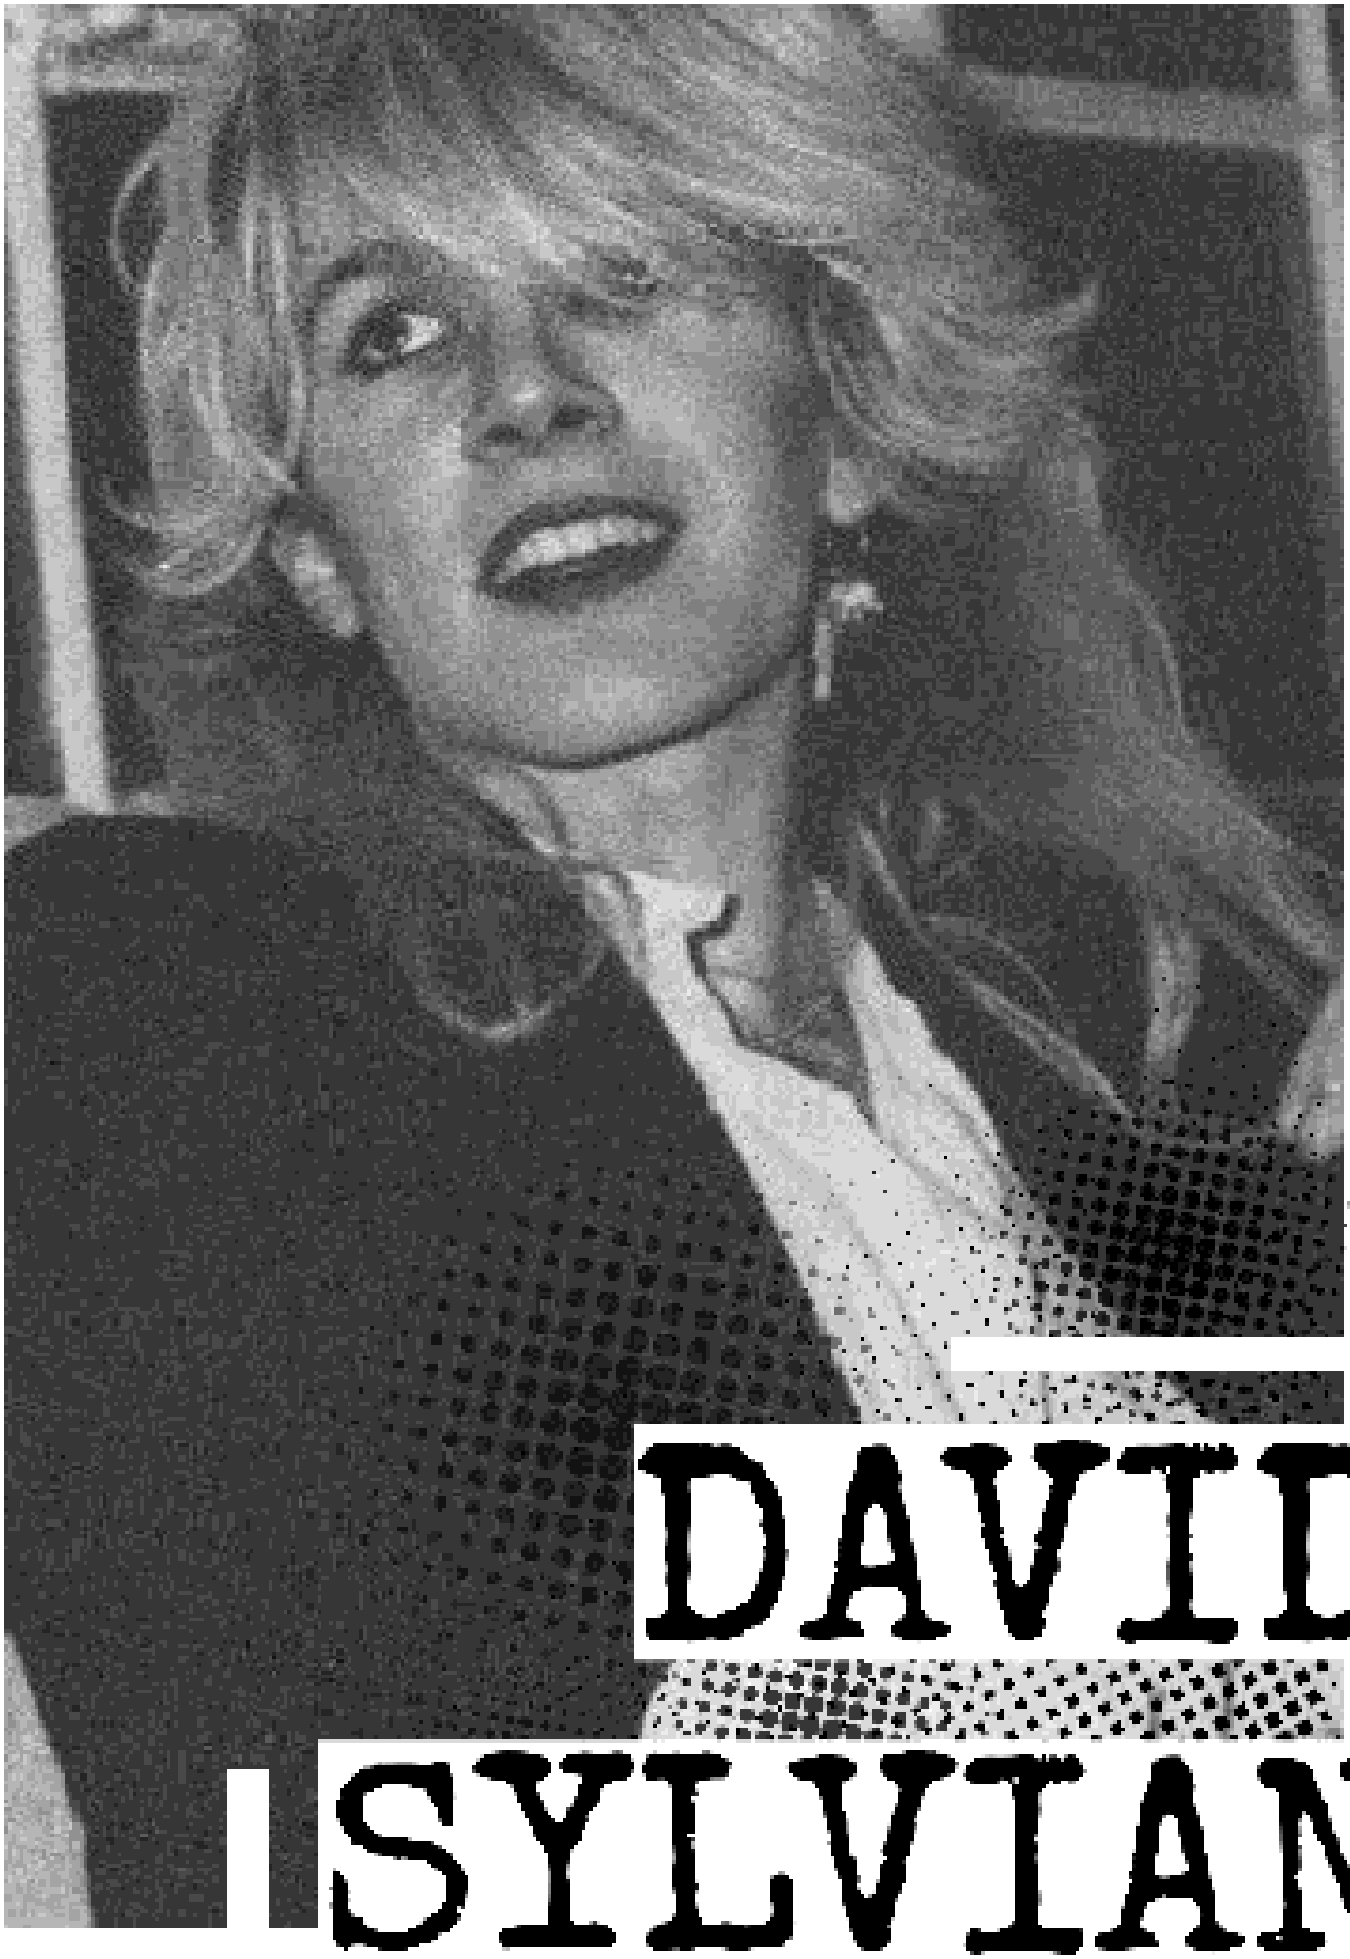
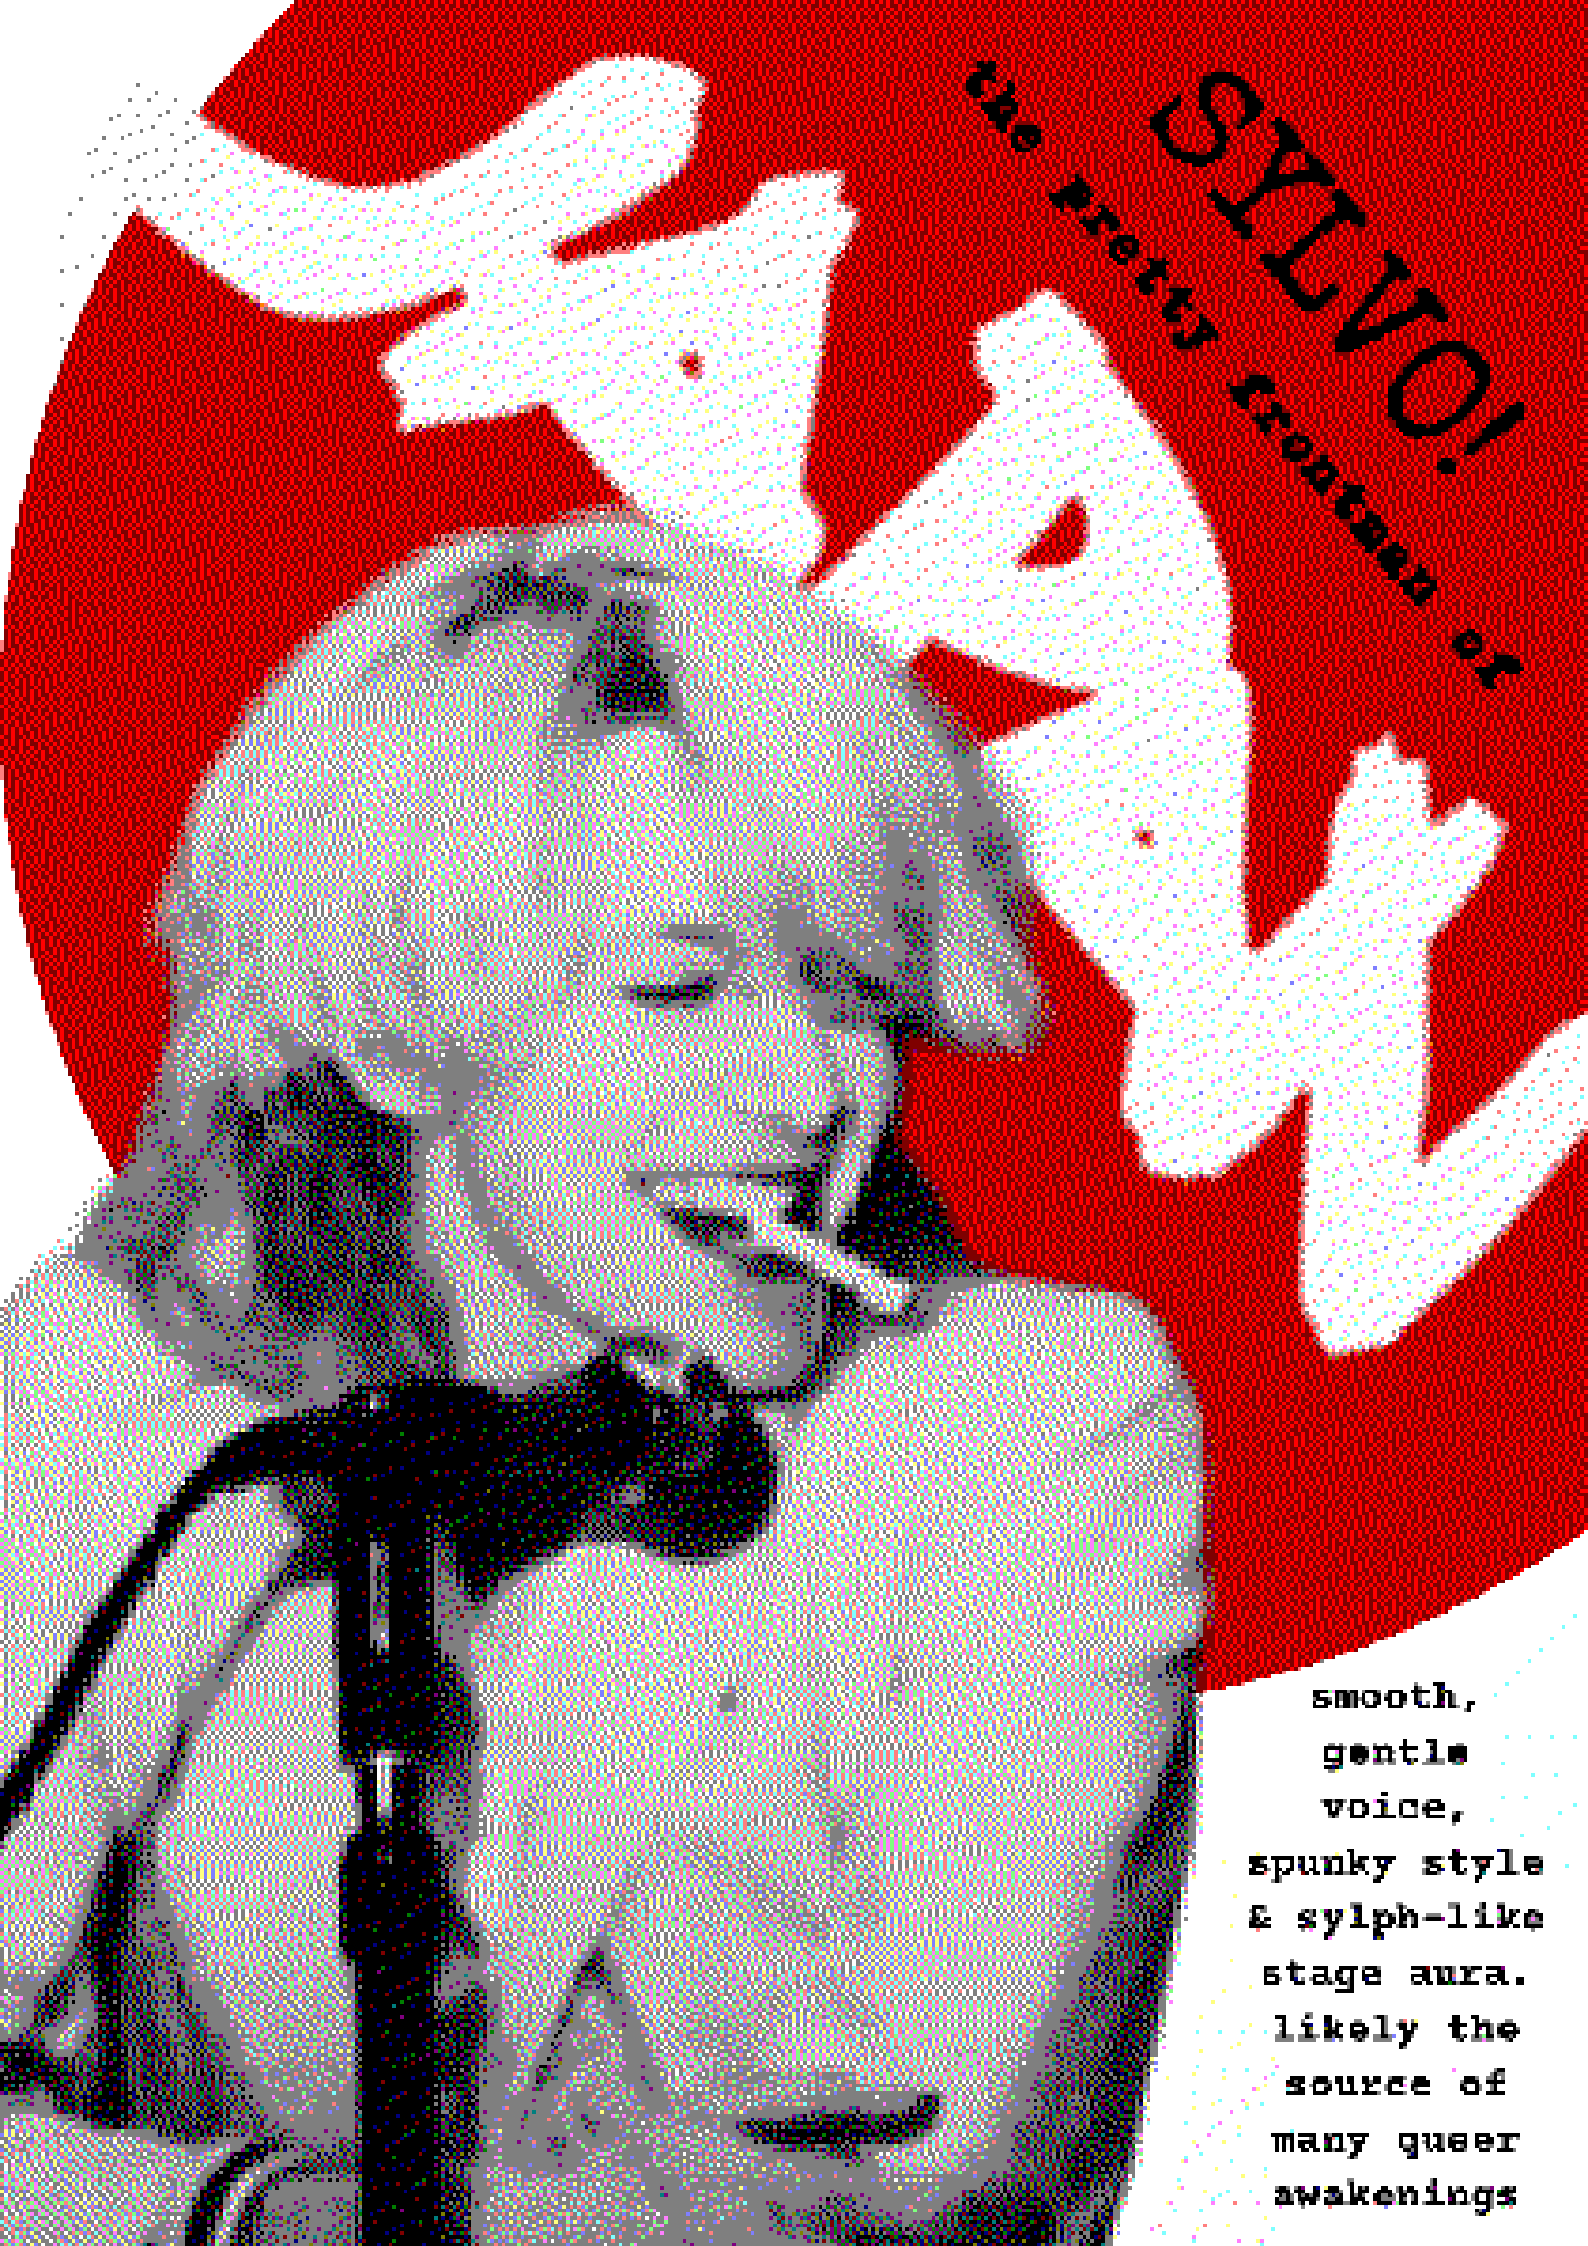
prince of glamour and guiter



DAVID SYLVIAN



smooth, gentle voice, spunky style & sylph-like stage aura. likely the source of many queer awakenings

The Biseinen (美青年) Icon

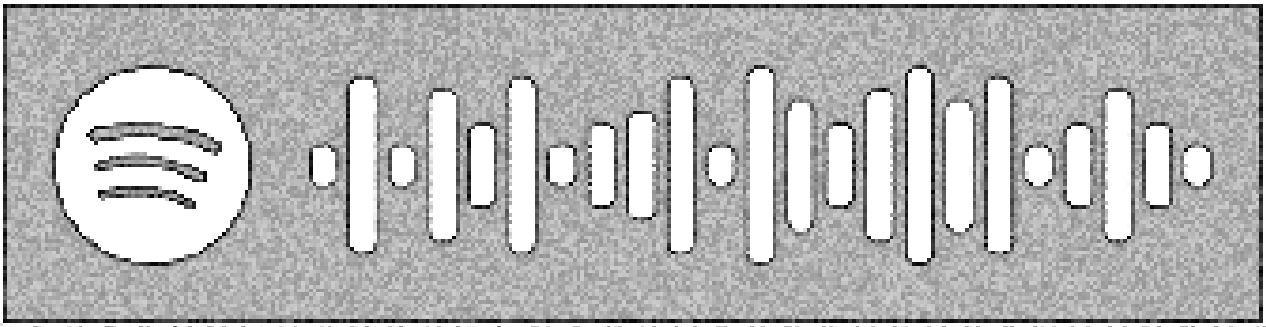
While Bishōnen is the term attributed for youthful beautiful male characters, Biseinen is the word specifically used for beautiful men of adult age or with physical maturity.

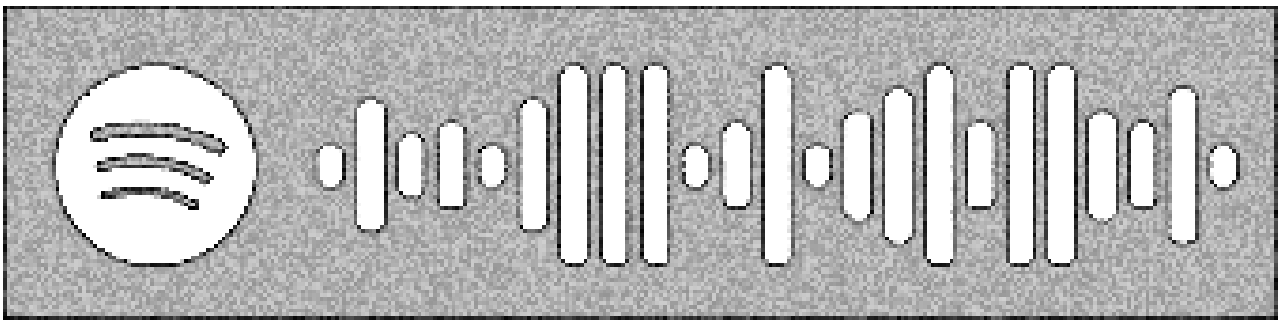
the music that made me fall in love with David Sylvian's divine artistry and style...

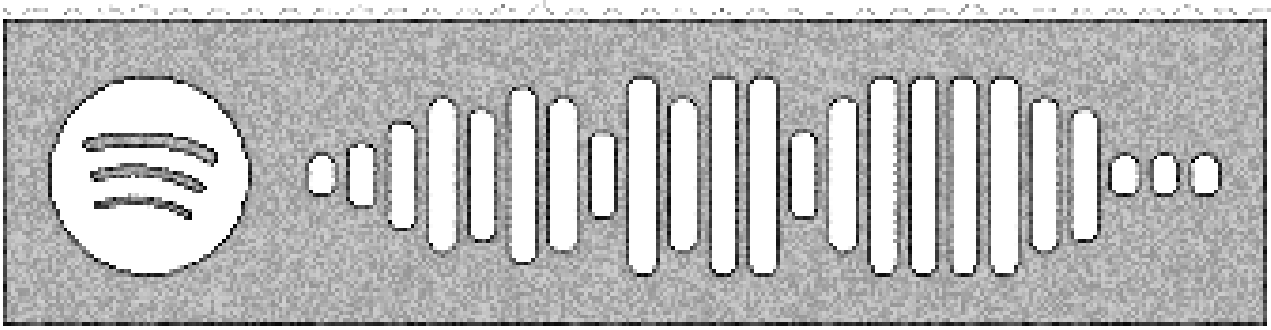
What caught my ears was his personal, post-Japan discography. It is deeply entrancing and ambient in a way that makes me lose myself but discover more of me that I had not yet found. His post-punk band roots, hypnotic melodic arrangements, mildly surreal and yet intimately grounded lyrics blending with a sultry, velvet voice creates the absolute perfection that is his signature soundscape.

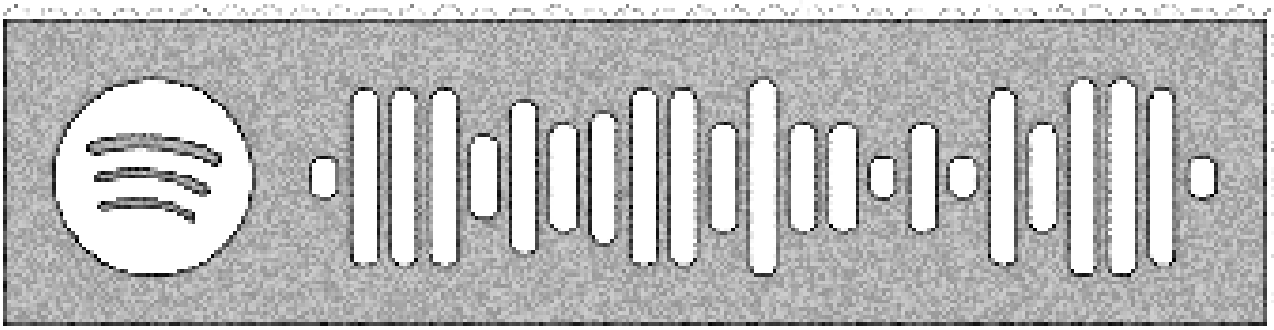
song roulette!

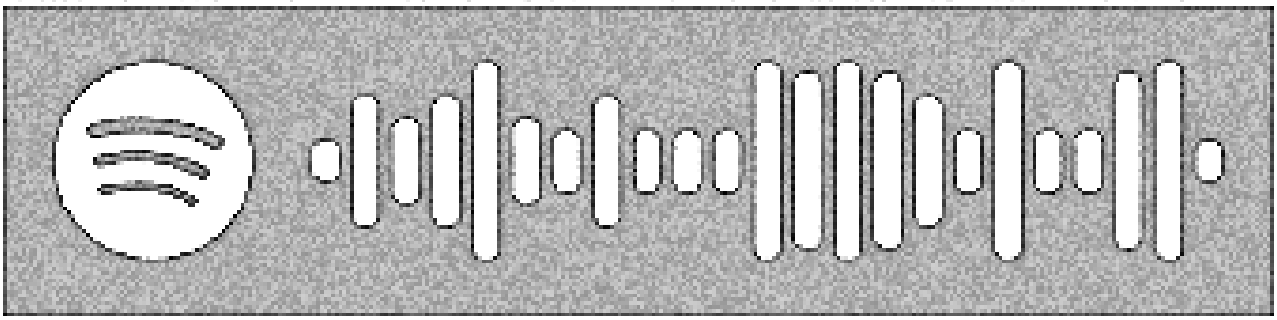
Here are links to 5 songs! 3 of these are my top 3 from David Sylvian. And the other two... are a surprise. Good Luck!











discovering his music made me realize that, holy smokes, I DO have a genre or style that I prefer!
Listening to him paved the way for me to refine my tastes and solidify what kind of music deeply resonates with my craft, my interests and me as a whole person.
from fashion
to my personal artistic themes and philosophies
to poetry and lyricism
finding my individuality
and elsewhere more metaphysical
he was a catalyst to it all
In a way, he opened me up to a whole new universe of sound and art.

much gratitude to you

David Sylvian
